Apply What You Have Learned Today

- Next week you should:
  - Identify how AI is currently impacting your organization’s systems
- In the near future you should:
  - Develop a plan to address concerns regarding AI and cybersecurity in your work
  - Focus on ethical and technical concerns
- Within the next 6 months you should:
  - Implement practical solutions to the threats you identified
  - Establish a plan for future threats
  - Continue to engage with these topics as they evolve
